Choose Other (POP3/IMAP) and fill email address and password on Account setup, choose Manual setup – POP3.

The screenshot shows two side-by-side panels from a mobile application. The left panel, titled "Choose a mail provider", lists several email services: Gmail, Exchange, Outlook.com, Microsoft Hotmail, and YAHOO! MAIL. At the bottom of this list is a button labeled "Other (POP3/IMAP)". The right panel, titled "Account setup", contains the text "You can setup email for most accounts in just a few steps." Below this text are two input fields: the first contains the placeholder "email@domain.ext" and the second contains a series of dots representing a password. There are two checkboxes: "Show password" (unchecked) and "Send email from this account by default" (unchecked). At the bottom of the right panel are two buttons: "Manual setup" and "Next".
