

Panduan pengaturan email CBN untuk Thunderbird

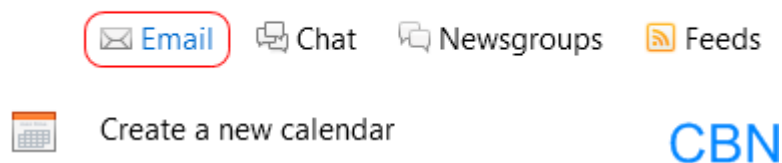

CBN email setup guideline for Thunderbird

This guideline has been tested using Thunderbird 45.0

1. Di **Local Folders**, klik **Email** di opsi **Create a new account**.

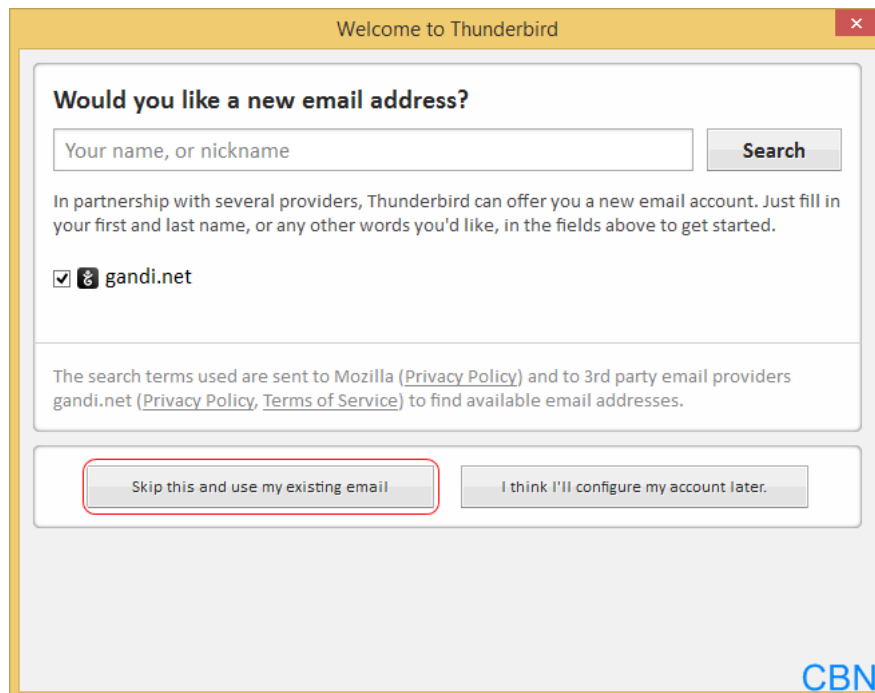

In Local Folders, click Email in option Create a new account.

Thunderbird

2. Pilih **Skip this and use my existing email**.

Choose Skip this and use my existing email.

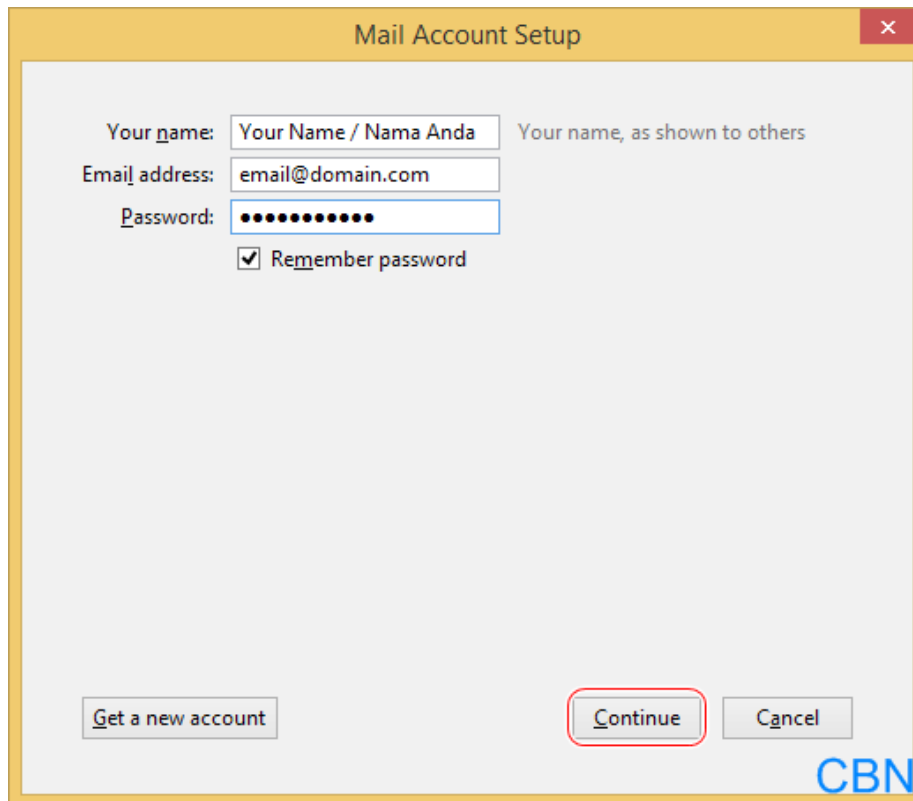

3. Masukkan informasi dibawah ini kemudian klik **Continue**.

*Fill in the information below, then click **Continue**.*

Your name : your display name

E-mail address : your email address

Password : your email password

The image shows a 'Mail Account Setup' dialog box with the following fields and options:

- Your name:** Input field containing 'Your Name / Nama Anda'. A tooltip indicates 'Your name, as shown to others'.
- Email address:** Input field containing 'email@domain.com'.
- Password:** Input field containing ten dots (••••••••••).
- Remember password**
- Buttons: 'Get a new account', 'Continue' (highlighted with a red box), and 'Cancel'.
- CBN logo in the bottom right corner.

4. Thunderbird dapat mencari konfigurasi email secara otomatis, akan tetapi sebaiknya dikonfigurasi secara manual. Klik **Manual config** dan masukkan informasi dibawah ini, kemudian klik **Re-test** dan **Done**.

*Thunderbird can automatically search for email configuration, but it is better to configure it manually. Click **Manual config** and fill in the information below, then click **Re-test** and **Done**.*

Incoming : POP3

Server hostname : secure.emailsrvr.com

Port : 995

SSL : SSL/TLS
